Jesus modelling "Downward Mobility"

Think of yourselves the way Christ Jesus thought of himself. He had equal status with God but didn't think so much of himself that he had to cling to the advantages of that status no matter what. Not at all. When the time came, he set aside the privileges of deity and took on the status of a slave, became human! Having become human, he stayed human. It was an incredibly humbling process. He didn't claim special privileges. Instead, he lived a selfless, obedient life and then died a **selfless**, **obedient death**—and the worst kind of death at that—a crucifixion.

Philippians 2:5-8 *(*The Message)

The final prayer of Jesus

"My prayer is not for them alone. I pray also for those who will believe in me through their message, that all of them may be one, Father, just as you are in me and I am in you. May they also be in us so that the world may believe that you have sent me. I have given them the glory that you gave me, that they may be one as we are one—I in them and you in me—so that they may be brought to complete unity. Then the world will know that you sent me and have loved them even as you have loved me.

<u>John 17:20-23</u>

Historical Background of Poverty in HK

UNEMPLOYMENT

The Asia financial turmoil in 1997 and the global financial tsunami in 2008 worsened the bubble economy of Hong Kong which mainly relies on financial sector and the real estate market. Thus, the unemployment rate rocketed and the wealth disparity

STRUCTURAL UNEMPLOYMENT

With **globalization and technology** developing rapidly for the past decades, many labor are substituted by machines. Under the circumstances of economic restructuring, low-level labor are facing **'structural unemployment and poverty'** problem. The **extreme dichotomy** between high-level and low-level labor market intensify the wealth gap.

The 2015 Report on the World Social Situation:

Inequality not only matters to people living in poverty, but also for the overall well-being of society.

- increases the vulnerability of societies
- generates potent sources of social tension, fertile ground for political and civil unrest, instability and heightened human insecurity

How did HKCNP start?

2002: Church pastors joint to PRAY and shared their burden on HK poverty problem with more pastors. They started a movement to gather jobs and assistance for the unemployed, due to the global financial crisis.

2004: Over 1000 middle-aged people with low education level were provided jobs through the network.

2005: "Intergenerational poverty" was identified to be one of the most severe poverty problem.

2007: The first mentorship pilot program was launched to solve the problem. It was invented by Dr. Charles Chan and Dr. Philemon Choi, which was adopted to be policy in 2009.

2008: HKCNP Established to tackle the problem!

What is a NETWORK?

What might be the result of each ministry pursuing its OWN plans and NOT working together?

If we share our vision and work:

Hong Kong Church Network for the Poor (HKCNP) is a **network of community partners in collaboration** to serve the poor in poverty relief, poverty transformation, and poverty reform.

HK has a huge structural problem and we are hoping to resolve it with a **structural solution** in all 18 districts in HK.

HKCNP provides knowledge-based, cared and trustworthy services which focus on capacity building, empowerment and mentorship, to reduce wealth disparity in HK and increase social harmony.

HKCNP connects everyone from all walks of life to **TRANSFORM** the city
