

## HKCNP Love in Action - "The PeaceBox campaign"

Join us to embrace the people in Hong Kong who lead a difficult life, with a gracious heart and mind.

2024 Easter! Invite you to join us! **Light up your heart**.

The PeaceBox blessing operation is about to start! We sincerely invite you to participate together, and the prepared gifts will be given to the grassroots. The theme of our event this year is **LIGHT**, implying that while the event is held in Hong Kong for the eleventh year, we will grow together with all participants and beneficiaries, and also grow in the Lord.

Last year, more than 80 partners participated, including churches, schools, institutions, and enterprises. Through home visits and different activities, gifts were donated to grassroots families, the elderly living alone, and people in need. Last year, we received a total of more than 8,500 boxes of supplies and donated them to grassroots families through participating churches and organizations, spreading love and blessings to them!

Well-prepared PeaceBox will be given to people in need.

### Online donation / resources donation / distribution volunteering

You can participate as a group

1. Churches/ Fellowships
2. Corporates/ NGOs
3. School

### 2024 Activity Timeline

Jan: Registration/ Preparation & Promotion

Feb: Donations & collecting PeaceBox gift packs & items

Mar: PeaceBox delivery

Mar-Apr: Giving out PeaceBox gift packs

Group participation registration : <https://forms.gle/VJgsVu28Cf7myQna9>

\* Join us by collecting PeaceBox: You can start with collecting shoe boxes or A4 paper boxes as gift containers. Moreover, you can stack up the boxes in your church/school/workplace to encourage others to participate as a team.

The social poverty situation has not improved. According to the Commission on Poverty, there are 226,000 people in Hong Kong living in subdivided housing. One in two elders and one in four children are below the poverty line. The four dimensions of poverty include: economic poverty, spiritual poverty, relationship poverty, and motivation poverty.

In the past, one of the grassroots beneficiaries of PeaceBox shared in an interview: "The focus of these material packages is not how rich or cheap, but that I feel 'love' and 'care'."
